

City of Parsons offers different Poly Carts for disease awareness & research

Cascade Cart Solutions has launched the Kick Cancer to the Curb campaign (pink polycart with a white ribbon) and now the Alzheimer's Awareness polycart (the purple one) and the City of Parsons is participating. As part of the challenge, the City Sanitation service is now offering the Awareness Poly Carts for sale to anyone interested in helping the causes.

The carts are 95 gallon, commercial grade carts. They come with a 10-year limited warranty. Each cart is individually numbered, and that number will be recorded in the sanitation office in case the cart is ever lost or stolen.

Every time you purchase an awareness cart (\$57.00 plus \$4.87 sales tax), Cascade Cart Solutions will give \$5 of the cost of each purchase to your choice of breast cancer awareness or Alzheimer's awareness.

If you are a current customer, and are renting a polycart from the City and choose to purchase your own polycart, we'll pick up your old polycart and stop the rental charge for it upon delivery of your new polycart. As the owner of the cart, you are responsible for its maintenance.

You do not have to be a current customer of the City of Parsons sanitation service to take advantage of this special offer. These carts are a great way to show your support and make a statement.

Anyone interested in purchasing an awareness poly cart, can stop by the City of Parsons Utilities office and pick-up an order form.

All orders must be prepaid and orders for carts will be placed the last week of every month, while supplies last. Expect a two-week handling and delivery schedule.

For more information, please call the Utilities office at 620-421-7000.
